Don't get too detailed, but if you have succeeded against some kind of tough odds, you should mention this. This is also the place to put anything unusual or interesting in your background that might help you stand out. Here you might also talk about your long-term plans and why and how you came to those goals.
- **Fourth Paragraph:** How would this scholarship affect your studies? What would it help you do and how would it help you reach your career goals?
